Course Details & Descriptions

Mortgage Lending for Construction

1 credit hour Presented by Bremer Bank

In this session get vital updated information on construction loan financing, including what banks and mortgage companies require, what contractors need to know, what documentation needs to be provided and how we can all work together to make the construction loan process easier for our customers.

LEED for Residential Certification/MN Energy

2 credit hours Presented by Building Knowledge

Explore the LEED certification options for residential project that includes: Identify LEED program eligibility requirements; Integrate the LEED for Homes process into your project team/project planning and Prepare your Project Team to build and certify under the LEED for Homes rating system. *This class includes 1 hour of energy credit.*

Residential Fall Protection

1.5 credit hours Presented by The Builders Group

Topics include NEW Residential Fall Protection guidelines, fall protection equipment applications, fall hazards and control measures, equipment selection, use, care, and inspection. Please come with pictures or questions specific to your fall protection needs as we will discuss these for discussion.

OSHA AWAIR Program

1.5 credit hours Presented by The Builders Group

An AWAIR Program is not only required by law, but is the blueprint and guiding document for your company's overall safety effort. In this course, attendees will learn the purpose and elements of the AWAIR Act, how to develop an active and effective safety and health program, and how to manage the program for longevity.

Construction Claims—Four Common Claims, Issues & Answers

1 credit hour Presented by Gislason & Hunter LLP

In an hour, Justin Weinberg from Gislason & Hunter will review Four Common Construction Claims including Indemnification, Mechanic's Lien Priority, Breach of Contract and Negligence Claims.

Built Environment & Construction EXPO

During the lunch break, visit a variety of building industry vendor exhibits to see what's new in products, services and industry innovations

All classes are pending approval by the MN Department of Labor & Industry for Builder Continuing Education Credit
